## AN ELECTRIC WATER WARMER

### *Increases Egg Production*

A hen should lay an average of 80 eggs a year, or more, to pay for her keep. Experience shows that egg production is checked when the drinking water supply is too cold or frozen. There is no profit in a low-producing bird. Consequently, poultry men are using electric water warmers during cold weather.

An automatic electric water warmer installed in laying houses during the winter will keep the drinking water at 40 degrees to 50 degrees, regardless of outside temperature, so that laying birds, by actual test, will consume at least 20% more water and, as a result, lay more eggs.

You can own a Trumbull Electric Water Warmer for only \$3.00 — and it costs less than an egg a day to operate. Ask for complete information about this appliance at any of our stores.

## If Mothers Only Knew

Thousands of Children Suffer from Round Worms, and their Mothers do not always know what the trouble is.

Signs of Round Worms are: - Constipation, deranged stomach, swollen upper lip, offensive breath, hard and full stomach with pains, pale face, eyes heavy, short dry cough, grinding of the teeth, etc.

Mrs. E. W. Stevens, 31 Kenberma Road, Dorchester, Mass. wrote, "My little girl's freedom from children's diseases, colds, constipation, etc., I attribute in a large measure to the use of Dr. True's Elixir."

## DR. TRUE'S ELIXIR

## GRANGE CODE

I will be in my place on time.

I will pay my dues promptly.

I will endeavor to attend grange meetings more regularly.

I will learn to state my motions in the fewest words possible.

I will refrain from criticism.

I will speak to the "stranger within our gates."

I will refrain from talking during musical selections, the same as I would during an address.

I will avoid making motions in the negative.

I will be charitable. Each member has a right to promote measures in which he is interested and to defend those he disapproves.

I will vote to uphold my opinion, but when a vote is registered, I will submit graciously to the will of the majority.

I will always speak a good word for my grange and an encouraging word to the Master and Lecturer.

I will try to make the grange a better organization from my being a member.

KATE B. ELLIS, *State Deputy.*

## OUR DECLARATION OF PRINCIPLES

---

We believe that in essentials there should be unity, in non-essentials liberty, and in all things charity.

We affirm that "An honest man is the noblest work of God."

We scorn not to receive instructions from the humblest object that offers us its lesson.

We believe that a man's life consisteth not in the abundance of things he possesseth, but in the right use of God's blessings.

The highest object of our Order is to develop a better and higher manhood and womanhood among ourselves.

United by the strong and faithful tie of Agriculture, we mutually resolve to labor for the good of our Order, our Country, and Mankind.
